

SOILRIPPERTM

TILLAGE POINTS

EXPANDED
PRODUCT OFFERING
FROM INGERSOLL

Ingersoll's new SoilRipper tillage points feature a robust design and superior fine grain chromium-carbide steel to withstand the most challenging soil conditions, providing the best overall value choice. Brought to you by the company you can trust for leading quality.

FEATURES

- Patent pending
- More robust design with extra high strength steel for longer service life
- Wing and nose surface geometry generates maximum soil fracturing while reducing draft loads
- As they wear, SoilRipper points maintain their ability to penetrate the toughest soil conditions
- Wear feature protects mounting hardware
- Ideal for high speed compaction-busting tillage applications

SOILRIPPERTM

TILLAGE POINTS
